**Information Letter****abcr GmbH subsidiaries announcement – Quality Management and Invoicing**

Dear Madam, Dear Sir,

We are pleased to inform you about the following development at abcr GmbH (hereafter referred to as „ABCR“), located at 76187 Karlsruhe, Im Schleherth 10, Germany, as a trading and production company for specialty chemicals for more than 30 years.

ABCR is ISO 9001:2015 certified and is regularly and successfully audited by well-known customers. In order to better support customers in other European countries with our large service portfolio and to be present in your country, ABCR has founded independent subsidiaries, including:

**abcr france SAS**, Immeuble Danica B, 21, Avenue Georges Pompidou, 69486 Lyon, Cedex 03, France

ABCR's subsidiaries are 100% sales organizations. All work that affects the entire flow of goods and production continues to be carried out by the parent company ABCR. The ABCR website and webshop are also hosted from Germany. The subsidiaries control customer requirements via the ABCR electronic ordering and processing system and are therefore also subject to the quality management system of the German parent company ABCR. In cooperation with our subsidiaries, you can therefore be sure that you will continue to rely on the same good ABCR quality system across our entire group of companies.

As of 1<sup>st</sup> of January 2021 invoicing for all French customers will therefore be switched from ABCR to abcr france SAS. Below you will find the French company data and the new banking details. We ask you to adapt your system data and purchasing information accordingly. For any questions and to confirm the bank data please refer to our French team via [info@abcr-france.fr](mailto:info@abcr-france.fr). The General Terms and Conditions remain largely unchanged. The French version of our General Terms and Conditions of Sale and Services aligned with French law is available on our website.
