abcr GmbH subsidiaries – Quality Management and Invoicing

Dear Sir or Madam,

abcr GmbH located at 76187 Karlsruhe, Im Schlehert 10, Germany, (hereinafter referred to as „ABCR“) is a trading and production company for special chemicals.

ABCR is ISO 9001:2015 certified and is regularly and successfully audited by well-known customers. In order to support customers in other European countries even better, ABCR has established independent subsidiaries including:

ABCR (UK) LTD, 7 Christie Way, Christie Fields, Manchester, M21 7QY, UK

All subsidiaries of ABCR are exclusively sales organizations. All work concerning the entire flow of goods and production is still carried out by the parent company ABCR. The subsidiaries control customer requirements via ABCR's electronic ordering and processing system and are thus also subject to the quality management system of the German parent company ABCR. In cooperation with our subsidiaries you can, therefore, continue to count on the same good ABCR quality system in our group of companies.

Starting from **1st of January 2021** invoicing for all UK customers is changed to ABCR (UK) LTD. Please find below the company data and new banking details. We would be grateful for adapting your purchasing information accordingly. Your sales and payment terms stay unchanged.

ABCR (UK) LTD, Reg. no. 03490030, VAT no. GB 707708723, TAX no. 4170529303

Bank Details:

Yorkshire Bank

IBAN GB53 YORK 0509 3342 9006 78

We look forward to the further partnership with your company through our subsidiaries with the usual service, personal contact and quality you are accustomed to from ABCR.

Kind regards,
Dr. Anna Wilson
Managing Director
