## Gute Chemie connects.

### Höganäs Advanced Ceramic Powders

For more than 20 years, abcr has been the exclusive partner in small quantities supply of high performance ceramics from the Höganäs Group. We supply individual units adjusted to your R&D and production process worldwide from our warehouse. abcr has taken over the order and distribution responsibilities for quantities of 100 grams up to 100 kilograms worldwide.

abcr Gute Chemie – since our foundation in 1987 – has meant for us: good products and people who provide good services. We also supply Gute Chemie with more than 400,000 specialty chemicals, such as Höganäs ceramic powders.
